Canadian Mix

Put your money where your maple leaf is!

As proud Canadians, Conexus provides an investment option made up of fellow Canuck companies. Our Canadian Mix investment fully guarantees your hard-earned dollars, and the success of those Canadian companies determines the growth of your investment.

Whether you're saving for retirement, or a down payment for a home or car, you can rest easy knowing your money is invested in Canadian companies that you know and love.

Important information about MLGIs

- The capital you've invested is 100% guaranteed when the investment comes due.
- The minimum return investment is earned and paid every year. Any extra performance-based interest is paid out when the investment matures.
- Deposits held in Saskatchewan credit unions are fully guaranteed by the Credit Union Deposit Guarantee Corporation (CUDGC), but the interest on this investment is not guaranteed by CUDGC.
- This investment is eligible within registered plans such as a TFSA or RRSP. If it isn't in a registered plan, the interest income is taxed every year during the term.

Investment issuance	Dec. 15, 2023
Investment maturity	Dec. 15, 2026

What makes the Canadian Mix investment different than other term investments?

A Market-Linked Guaranteed Investment is an investment into a group of companies that, depending on the success of those businesses during the investment term, can provide you with a return on your initial investment. This has the potential to earn you more than a standard term deposit.

Market-Linked Guaranteed Investment (MLGI)

3 year

What are you investing in?

Our Canadian Mix is made up of companies with the same Canadian roots as our members. Some might even be companies that you use daily! All of the companies make up an equal part of the investment. Here is a list of the current mix of companies:

Canadian Mix Companies	
Agnico Eagle Mines Ltd.	Magna International Inc.
Bank of Montreal	Manulife Financial Corporation
Bank of Nova Scotia	Nutrien Limited
BCE Inc.	Pembina Pipeline Corporation
Canadian Imperial Bank of Commerce	Royal Bank of Canada
Canadian Natural Resources Limited	Saputo Inc.
Canadian Pacific Kansas City Limited	The Toronto-Dominion Bank
Emera Inc.	Thomson Reuters Corporation
Enbridge Inc.	Wheaton Precious Metals Corp.
Hydro One Limited	WSP Global Inc.

Will investing in this help me reach my financial goals?

This product is great for members who believe strongly in the home-ice advantage of Canadian businesses and wish to see their personal finances grow along with Canadian companies. Members who have a savings goal in mind and don't plan on accessing these funds for the next 3 years could benefit from this investment. If you think that 3 years is too long to wait, Conexus offers other investment products to fit your timeline.

What happens if there are market disruptions?

Conexus is able to determine the proper actions to take if the markets do experience periods of upheaval. For instance, if market trading is suspended, Conexus can choose to postpone the start date of the index value of the investment.

What happens when the investment term is due?

Once your investment is due, the cash value at the time will be moved to an account of your choosing. Your advisor will be in touch with you to discuss what you plan on using that money for next.

Can I take my money out of the investment before the term is due?

Conexus is unable to provide an early redemption option for this investment.
